Good Morning All. John Brunner reported at the FOMT meeting on Wednesday, the trail counter numbers for July. Take a look - WOW - 18,000 to 19,000 clicks on each counter. Far greater usage than I imagined. Now, some users are certainly counted twice as both an in and an out - however a lot of users are not counted as well. Many hop on the trail between the two counters and are missed. Sonja, would you please add this report to the September PI agenda. Have a great weekend and hope to see you on the trail. Lee
