RE: Proposed Changes to Parking Restrictions on South 15th Street from Wollmer to Washington Street

It has come to our attention that there are several inconsistencies with the signage and parking ordinance restrictions on South 15th Street between Wollmer and Washington St. I have attached the existing parking ordinance restrictions that apply and also some photos of the existing signage.

As a temporary measure earlier this summer, we have taken down and/or bagged/covered various signs on South 15th St. between Franklin and Washington St. to accommodate the demolition work on the Mirro Bldg.

We are questioning why there are one (1) hour and two (2) hour parking zones within the same block. We are also questioning whether or not we still need to have any one (1) hour or two (2) hour parking zones on these three blocks of South 15th St. The current Manitowoc Municipal Code (MMC) shows that there is supposed to be two (2) hour parking on both sides of South 15th Street between Wollmer and Clark Street, however, there are no existing signs on the street indicating two hour parking.

We do not feel that there is a need for No Parking - Loading Zones in front of the old Mirro Bldg.

We believe that we should look at this 3 block area on a global basis for changes and not just correcting the ordinance language inconsistencies.

We would like the Public Safety Committee and Common Council to consider our proposed recommendations which are as follows:

1. Eliminate all one (1) hour and two (2) hour parking zones on South 15th St. between Wollmer and Washington Street and allow these areas to be unlimited or unrestricted parking.
2. Eliminate all No Parking - Loading Zones on the west side of South 15th Street between Franklin and Washington St. (Mirro Building).

We realize that when something changes with the Mirro Building site, it is likely that these parking issues will need to be revisited, but until then our proposed changes would clean up signage on the street and also bring the Manitowoc Municipal Code (MMC) up to date.

Thank you for your consideration.
