RE: Police Auction Vehicles

There are four remaining police vehicles that have not sold on auction. Three have been on the auction site twice and reserves were not met. After the last auction closed I reached out to the highest bidder on each to purchase for their bid amount. None responded.

There is an individual who purchased two of the ambulances that is interested in purchasing the four vehicles as a lot. Pending Public Infrastructure and Council Approval, I have sent him a letter offering the vehicles for \$4,250 plus sales tax. I am expecting a response from him no later than June 16th.

My recommendation would be to sell these vehicles as a lot to the interested party.

Respectfully,
