Estimated cost of misc. expenses	\$ 0 Please explain
Total estimated cost	\$ 0

Requesting Supervisor/Manager Comments:

THIS IS THE ADVANCED CLASS FOR THE PREVIOUS CPTED TRAINING BRUCE ATTENDED. IT WILL ENHANCE HIS KNOWLEDGE WHICH HE CAN SHARE WITH COMMUNITY.

What are the objectives for the training?

Cities and Counties throughout the country are adopting CPTED ordinances requiring site plan reviews with crime prevention in mind. Law enforcement officers who are specially trained in CPTED are now working closely with Planners, Architects, City Officials, and Educators to ensure the proper design of structures, schools, and neighborhoods. Participants will learn how the design and use of the environment can control human / criminal behavior and reduce the fear of crime. They will learn crime prevention through natural means. How natural access control and natural surveillance decrease the opportunity for crime. Participants will learn the different aspects of lighting and its effects on human behavior. Participants will work together on a site survey and provide a group presentation of their results utilizing CPTED strategies. They will learn the advantages of having a CPTED ordinance and how to construct and present it to lawmakers.

How will this training be shared / implemented upon return?

In-service training to the entire department, community presentations, along with presentations to the Neighborhood Watch groups throughout the city.

How will this training benefit the City?

Sgt. Jacobs is on the City Safety Inspection team with Jim Muenzenmeyer and Greg Kadow. They conduct security surveys of all the city owned buildings. Sgt. Jacobs has also done security surveys of all the Public Schools and most of the Private Schools. Sgt. Jacobs has also conducted surveys on many businesses throughout the city to make them safer and less likely to become a victim of crime.

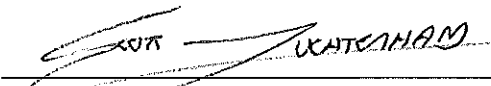

What is the return on the investment?

To enhance our knowledge in the area of Crime Prevention Through Environmental design and to help educate both the public and our Officers on the long term effects of the community when "designing" the potential for crime out of a situation. Crime Prevention at its best.

Sgt. B. Jacob 5-11-15

Supervisor Approval/Decline

Approved Declined Reason for decline: _____
