Subject: RE: Permission to operate a Mobile Cookie Booth

Good morning,

I've received this request from both of you and believe them to be identical. I've asked the DPI Admin, Sonja Birr, to have Ms. Lindemann's request on the Public Infrastructure agenda. Please let me know if you would like both requests placed on the agenda or if one will suffice.

Re: Permission to operate a "Mobile Cookie Booth"

Dear Chair Novak:

I am part of the leadership team for Girl Scout Troop 8544. I am writing to ask permission from the Committee in accordance with city ordinance to sell Girl Scout Cookies out of marked family vehicles while parked on city property. I ask that you take this up as soon as practicable; we would like to have these mobile cookie booths during the period of February 23 – March 31, 2020.

Permission was granted in the past and we have been able to take advantage on occasion. We have big goals this year with some of the members planning a trip to the Girl Scout Convention in October. The Girl Scout Cookie Program teaches girls goal setting, decision making, money management, people skills, and business ethics.

If you grant permission, we may set to sell near areas where there are gatherings of people such as schools, parks and downtown. We are considering the street area near 18th and Waldo north of Waldo. Great visibility and a protected area.

Safety is a primary concern. Obviously, at least one adult will always be present. Most likely there will be two to three Girl Scouts at any one time. I anticipate operating only during daylight hours or in very well-lit areas. No sales will take place near bars or events focusing on the consumption of alcohol.

I hope that you grant permission to operate our mobile booths on city property. If there are any other questions or if you wish to impose any restrictions, please do not hesitate to contact me.

Respectfully,

Cynthia Lindemann
