INSPECTION & PLAN REVIEW

NEIGHBORHOOD SERVICES

By municipal code, dwellings must have heat, electricity, and hot water. If they do not they can not have anyone living in them. The dwelling will be placarded with a neon green placard. If there is a structural issue the house will be placarded with a neon orange placard. The two colors help the fire department in case of an emergency. They know by looking at the placards what is going on with the dwelling. This also alerts other agencies that there are issues with dwelling.
