Can you please place on PFC agenda as correspondence. Also can you save for Public Safety as well.

Thank you,

Todd

Dear Chiefs Blaser, Kadow, and Koch,

I want to take the time to thank the Manitowoc Fire Department for their emergency response to the MPU Power Plant on January 30, 2017. Your ability to arrive at the scene of a large facility, size up the situation, understand the hazards, ready your equipment, establish a command point and evaluate interior conditions was most professional and impressive.

About a year or two ago I coordinated a visit to familiarize the Manitowoc Fire Department with the Power Plant facilities, and we would be happy to set up tours in March. Please contact me when convenient.
