**Subject:** Question

Hey Justin

I know you are extremely busy so I thought email may be the best contact. I want to have the kids come to you but I wanted to send you what they will come to you for to see if anything is even possible to do and so that when they do come to you that you are not blindsided. Luke knows I work with families that have kids with social, emotional and behavioral issues and some are placed out of home. He knows these kids have less then other kids so we have started a foster kid backpack program and community activity program. We have brought on Lia, Jaylee and Jacob. We always thought it would be cool for Luke and Lia to work together. What I am emailing you for is to ask you if there is a possibility the aquatic center could allow foster families and foster kids into the pool on a certain day/ time for free or reduced pricing? I had called the fire department to see if they could be added on to the special needs time but have not heard back. I am also wondering if there may be other opportunities to provide for these families such as a mini golf day,

zoo event,etc. if not it's all good I just thought I would check with you. The YMCA has given us 4 2 hour days that families can access the Y. I'm sorry-I know you have much more important things to do then answer emails like this but I really appreciate all the care you put into kids, the league and the community.

Hope you are enjoying your weekend!
