Sonja,

The low snow blower quote does not meet spec and will not be able to be awarded on Monday night. Dan said he will instruct council to not take action on the quote .

The loader quote will be awarded. Low bidder will go to Aring Equipment with a limited slip option on the loader. I want the grapple bucket and the **Monroe V-PLOW** and **WING ASSEMBLEY** included as options. Do not include the Monroe plow and wing for \$34,193 and Wausau Plow and wing \$27,550.
