Steve,

Yes, please proceed with installation of the street light.

What is the monthly energy cost?? We will need to put the fiscal impact on the resolution. I thought it was about \$12-13/mo. or about \$150/Yr. Is that correct??

The budget account line is under Street Lighting: 1100-32500-522200

Mackenzie,

Will you put this resolution on the next Council Agenda??

Dan and Greg,

I have attached a draft resolution and map to indicate the location of existing street lights and to order the proposed light based on your recommendation.

The petitioning email in PI Committee agenda cites break-ins and personal safety. City Code prescribes street lighting for pedestrian and vehicular traffic safety or by resolution of the Council. In addition, there is no warrant for alley lighting by national standard ANSI/IES RP-8-14. Installation of the light seems discretionary.

Please advise if you would like MPU to proceed.

Steve

Greg,
The monthly investment charge for that fixture is \$8.00 plus \$2.10 average energy: \$10.10 per month, \$121.20 annually.
