It has just come to my attention that many of our old voting booths are very wobbly and in need of replacement (especially those for handicapped voters). If a handicapped voter would place their weight on the booth, I am not confident that it won't collapse.

Is it still possible to make an addition to the Clerk's Budget? Or, I don't know when CAWG meets next? Not sure how long it would take to get some booths shipped for the November election.

Let me know your thoughts and I can get a figure to replace at the very least 10 handicapped booths. The handicapped booths are \$175 each.
