Estimated cost of meals	\$ 250.00
Estimated cost of accommodations	\$ 1250.00
Estimated cost of misc. expenses	\$ 100.00 Please explain Airport parking, public transportation, etc.
Total estimated cost	\$ 2300.00

Requesting Supervisor/Manager Comments:

What are the objectives for the training?

With over 18,000 professionals attending, the ESRI User Conference provides training, user presentations that share best practices, real-life GIS experiences, and opportunities to get our specific technical questions answered by subject matter experts.

How will this training be shared / implemented upon return?

I would submit a post-conference summary, including a set of recommended actions to further our GIS work and share relevant information with other departments and staff.

How will this training benefit the City? What is the return on the investment?

With GIS becoming more powerful and accessible, the conference will help the City leverage its GIS capabilities to the most of our resources and improve on efficiencies using GIS throughout many departments, as well as public-facing applications.
