Subject: External: We Support Changing 8th & 10th Back To Two-Way

Hello,

I received a flyer yesterday with your contact information for expressing my stance on the proposal to revert 8th and 10th/11th back to 2-way roads. My wife and I live on the 900-block of North 8th and we both support this proposal as long as it also removes the highway designation from those roads as well. The current traffic configuration promotes speeding traffic nearly all day long. Additionally, too many trucks use these roads and make a tremendous amount of noise for an otherwise quiet residential area. It would be much better if the heavy traffic was routed through commercially zoned areas rather than residential ones. I also feel that reverting them to 2-way would also greatly improve access to the downtown area.

Thank you for your time,
Ian & Kayleen Moore
