RE: Manitowoc Public Utilities Commission Letter of Interest

Dear Chairman Brey:

Please accept this correspondence as my Letter of Interest in my being reappointed to the Manitowoc Public Utilities Commission (MPU).

I believe that I have served the Commission, citizens, rate payers and the City of Manitowoc well over my last three terms, bringing a financial background to the Commission that currently no other Commissioner has. My insights and knowledge of finances has been beneficial to the Commission. For example, I was a part of a team that reviewed RFPs for financial services when the Utility decided to review the financial services provided to the Utility.

I have served as Commission President three times, most recently during the retirement of General Manager Kothari and involved with the selection of the current General Manager, Troy Adams.

I currently serve on the Personnel Committee for the Utility and have been past Chair of the committee.

In addition, my civic involvement combined with my professional activities provides a unique background for being a voice on the Commission. I have many residential, commercial, and industrial customers that provide me with insight as to what is important from an electric, water, and communications utility to these rate payers.

Given my background, knowledge of finance and experience on the Commission, I respectfully request to be reappointed to the MPU Commission.

Sincerely,
