**Attachments:** 202109230610.pdf

There was a net surplus of \$13,190 from the sale of these two pieces of equipment.

Use the voting buttons above.

This will need to go to Finance and PI committees. Please respond asap so this can go on the October committee agendas.

Thanks!

Good Morning All

I would like to use some of the funds from the sale of old #73 and #78 tandem dump trucks on Gov. Deals web site to pay for the concrete and asphalt repairs at the DPW shop. I have a not to exceed \$10,000.00 for these projects.

This payment will go directly back to the streets department budget lines.

These repairs are for the dugout areas for the new fuel pumps electrical replacement. And also to install the concrete footings for the new cat walk system at the DPW shop. Both of these projects concrete and asphalt were not figured in the original budget.

Thanks
