Hi Folks,

After a long duration of being a long term placement for the Canadian Lynx the Minnesota Zoo has decided to officially donate the Lynx to the us.

Not sure where this falls on the donation policy but the Lynx have a value of \$3-4 each(@2) on the exotic animal trade market. They are priceless with no monetary value as part of AZA Species survival program, as part of this program they are strategically placed/shared with no cash exchange.

I would assume approving/accepting the donation can be done with your approval in this case. LMK

If approved, we now own all of the animals at the Zoo.
