First, let me THANK YOU for instituting Fine Free Fridays. What an amazing gift to the community! Secondly, I ask that the cost of services and fines not be raised. It seems counterintuitive to offer Fine Free Fridays and also be raising costs.

I would love to see more cozy reading spots at the library; I have loved this library since it was built, and a visit to spend some time (and for the kids to play) is one of our very favorite things.

Thank you for all you do!
