Add it to the December agenda. Use as many items as needed to get it right 😊👍

Mike

I originally thought that this was a County issue as the roadway is under the County's jurisdiction, however, according to Greg Grotegut, County Highway Commissioner, it is up to the City to decide whether or not we will paint any crosswalks at this location. He said that they do not deal with crosswalks or sidewalks. Sorry for the confusion and the flopping back and forth.

This is another reason why it will be good if the City ends up with the jurisdiction of these County Trunk Highways within City Limits. They have always been a great area of confusion for many items and many times it would depend upon who was the Highway Commissioner.

Therefore, can this request be added to the December Public Safety Committee Meeting? Thanks.

I am unclear what her issue is with the intersection of Custer and Rapids. It probably relates to the painted lane assignments on Custer St., but I am not sure.

Do we put another separate agenda item for this issue as well??

That's correct, we don't deal with sidewalks or pedestrian cross walks.

Greg,

I believe this is the lady that called here about the crosswalks or lack thereof.

I thought since the county maintains this section of N. Rapids Rd. currently that it would be your decision.

Is that incorrect??

Is that because it is related to sidewalk that the County does not really deal with??

I guess we will have to send her back to the City's Public Safety Committee to discuss these issues.

FYI I forgot to CC you in on this email. Not sure if you heard of these issues in the past?

Good morning Marcia, the cross walks at Rapids and Ellis would be a City of Manitowoc decision. That section of road is not getting reconstructed in 2024. Everything north of Waldo is getting reconstructed. I'm not aware of any mistakes on the intersection of Rapids and Custer Street. I have also copied the City of Manitowoc on this email.  
Thanks!

I am asking for you to look into placing cross walks on the intersection of Rapids Rd. and Ellis street. It;s nearly impossible to cross at times and there isn't any sidewalk on the west side of rapids road.

Also are you going to fix the obvious mistake on the intersection of Rapids road and Custer street? It was done backwards.

Thank you  
Marcia Lindemann
