Will you please add Alder Reckelberg's email to this Council item for tonight? The other attachments on this email I believe are already part of the file attachments.

Item

24-1427 IRA Urban Forestry Grant Resolution

Notes

I make a Motion to approve the resolution in its original state.

My intention was to stream line the process by not only approving the application, but allowing for the acceptance of and modification of the budget if funds were awarded. Having since made that amendment, I have learned that our finance department relies on the second, or accepting resolution, to keep track of our active grants. Had I knowledge of that process when our committee meet, I would not have made the motion I did. Please approve my motion to adopt the resolution as it was originally presented at the committee level. Thank you.
