Greg,

Yes, I have no issue with this.

**Subject:** FW: PI Committee Agenda 9/3/25

Ald. Schlei,

One of the items that I planned to take to the September PI Committee Meeting was the State/Municipal Financial Agreement (SMFA) for the SISP-III Traffic Signal Rehabilitation funding for the intersection of E. Reed Ave. and Memorial Drive.

Are you O.K. with us bringing this SMA straight to the September Council Meeting without going to the PI Committee first?

I would think that this is a slam dunk as it is 90% DOT funding and only 10% for the City. This would be the 3<sup>rd</sup> round of signals with this SISP funding program.

The design funding is for the State's FY 2028 and the construction is for the State's FY 2029. Therefore, we will have plenty of time to incorporate our share of the costs into a future capital budget. Thanks.

**Subject:** RE: PI Committee Agenda 9/3/25

Sonja,

I have the SMA with the DOT for the SISP-III for the traffic signal upgrade at E. Reed Ave. and Memorial Dr. that needs to be approved.

This could easily go straight to Council. Thanks.

**Subject:** PI Committee Agenda 9/3/25

Good Afternoon,

I currently only have one agenda item in the folder for the upcoming meeting. It is for the Urban Forestry Grant. Is this something that could be taken straight to Council?

Let me know if anyone has anything else and if it isn't urgent that we meet on the 3<sup>rd</sup>, I will e-mail Chairman Schlei to request that we cancel September meeting. 😊

Thank you!
