Subject: Recommendation for Riverview Park Crosswalk
Attachments: Proposed Crosswalk at St. Clair & N. Water St..pdf; Photo 4.jpg

Amber,

Can you upload these 2 documents to the P.S. Committee Agenda for Monday night.

This would be my recommendation. The north side crossing of N. Water St. at St. Clair St. has much better visibility for southbound traffic than the south crosswalk would be.

The estimated cost to install the new H.C. Ramp, the depressed sidewalk to get the ramp low enough to meet ADA standards, painting the crosswalk and installing 2 new ped-crossing signs and posts is estimated to be \$2,000 plus or minus. Thanks.
