

 ORIGINAL STATE/MUNICIPAL FINANCIAL AGREEMENT FOR A STATE-LET HIGHWAY PROJECT	Date: 9/4/2025 I.D.: 1470-38-00/70 Road Name: STH 42 Title: C MANITOWOC, 10TH STREET Limits: MANITOWOC RIVER BRIDGE B-36-128 County: MANITOWOC Roadway Length: 0.141 Miles
--	---

The signatory **city of Manitowoc**, hereinafter called the Municipality, through its undersigned duly authorized officers or officials, hereby requests the State of Wisconsin Department of Transportation, hereinafter called the State, to initiate and affect the highway or street improvement hereinafter described.

The authority for the Municipality to enter into this agreement with the State is provided by Section 86.25(1), (2), and (3) of the Statutes.

NEEDS AND ESTIMATE SUMMARY:

Existing Facility:

Manitowoc River Bridge B-36-128 is a connecting highway lift bridge located on STH 42/10th Street in the city of Manitowoc. The structure consists of three spans, two outer fixed spans (Units 1 and 3) and a center cantilever lift bridge span (Unit 2). The structure was constructed in 1987 and has been maintained by the city of Manitowoc.

Proposed Improvement:

Improvements will align with bridge rehabilitation improvement concept for all three spans of the structure. Anticipated improvements include, but are not limited to: replacing grid filled sidewalk with fiberglass panels, rehabilitation of stringers and floor beam connections, repainting lift bridge bascule span, repainting outer fascia of fixed bridge units, review/improvements to electrical components, replacement of steel grid deck of bascule span, evaluate hydraulic components, evaluate bridge railing, review/improvements to warning gate system, review/improvements to submarine cables, replacement of expansion joints, replace longitudinal break or modifying it to prevent water from entering the pit, expansion plates on the sidewalk need replacement.

Describe non-participating work included in the project and other work necessary to finish the project completely which will be undertaken independently by the municipality: None. Non-Participating work will be determined as the project continues through the scoping and design process.

TABLE 1: SUMMARY OF COSTS

Phase	Total Est. Cost	Federal/State Funds	%	Municipal Funds	%
1470-38-00 Preliminary Engineering: Plan Development	\$ 1,250,000	\$ 937,500	75%	\$ 312,500	25%
N/A Real Estate Acquisition: Acquisition	\$ -	\$ -		\$ -	
1470-38-70 ¹ Construction: Roadway (cat 0010)	\$ 3,140,000	\$ 3,140,000	100%	\$ -	
B-36-0128-0001 (cat 0020)	\$ 2,000,000	\$ 2,000,000	100%	\$ -	
B-36-0128-0002 (cat 0030)	\$ 4,000,000	\$ 4,000,000	100%	\$ -	
B-36-0128-0003 (cat 0040)	\$ 2,000,000	\$ 2,000,000	100%	\$ -	
subtotal 1470-38-70:	\$ 11,140,000	\$ 11,140,000		\$ -	
Non-Participating	\$ -	\$ -		\$ -	

Total Cost Distribution \$ 12,390,000 \$ 12,077,500 \$ 312,500

1. Estimates include construction engineering.

This request is subject to the terms and conditions that follow (pages 3 – 5); is made by the undersigned under proper authority to make such request for the designated Municipality, and upon signature by the State and delivery to the Municipality shall constitute agreement between the Municipality and the State. The initiation and accomplishment of the improvement will be subject to the applicable federal and state regulations. No term or provision of neither the State/Municipal Financial Agreement nor any of its attachments may be changed, waived or terminated orally but only by an instrument in writing executed by both parties to the State/Municipal Financial Agreement.

TERMS AND CONDITIONS:

1. The Municipality shall pay to the State all costs incurred by the State in connection with the improvement which exceeds federal/state financing commitments or are ineligible for federal/state financing. Local participation shall be limited to the items and percentages set forth in the Summary of Costs table, which shows Municipal funding participation. In order to guarantee the Municipality's foregoing agreements to pay the State, the Municipality, through its above duly authorized officers or officials, agrees and authorizes the State to set off and withhold the required reimbursement amount as determined by the State from General Transportation Aids or any moneys otherwise due and payable by the State to the Municipality.
2. Funding of each project phase is subject to inclusion in an approved program and per the State's Facility Development Manual (FDM) standards. Federal aid and/or state transportation fund financing will be limited to participation in the costs of the following items as specified in the Summary of Costs:
 - (a) Design engineering and state review services.
 - (b) Real Estate necessitated for the improvement.
 - (c) Compensable utility adjustment and railroad force work necessitated for the project.
 - (d) The grading, base, pavement, curb and gutter, and structure costs to State standards, excluding the cost of parking areas.
 - (e) Storm sewer mains, culverts, laterals, manholes, inlets, catch basins, and connections for surface water drainage of the improvement; including replacement and/or adjustments of existing storm sewer manhole covers and inlet grates as needed.
 - (f) Construction engineering incidental to inspection and supervision of actual construction work, except for inspection, staking, and testing of sanitary sewer and water main.
 - (g) Signing and pavement marking necessitated for the safe and efficient flow of traffic, including detour routes.
 - (h) Replacement of existing sidewalks necessitated by construction and construction of new sidewalk at the time of construction. Sidewalk is considered to be new if it's constructed in a location where it has not existed before.
 - (i) Replacement of existing driveways, in kind, necessitated by the project.
 - (j) New installations or alteration resulting from roadway construction of standard State street lighting and traffic signals or devices. Alteration may include salvaging and replacement of existing components.
3. Work necessary to complete the improvement to be financed entirely by the Municipality or other utility or facility owner includes the following items:
 - (a) New installations of or alteration of sanitary sewers and connections, water, gas, electric, telephone, telegraph, fire or police alarm facilities, parking meters, and similar utilities.
 - (b) New installation or alteration of signs not necessary for the safe and efficient flow of traffic.
 - (c) Roadway and bridge width in excess of standards.
 - (d) Construction inspection, staking, and material testing and acceptance for construction of sanitary sewer and water main.
 - (e) Provide complete plans, specifications, and estimates for sanitary sewer and water main work. The Municipality assumes full responsibility for the design, installation, inspection, testing, and operation of the sanitary sewer and water system. This relieves the State and all of its employees from the liability for all suits, actions, or claims resulting from the sanitary sewer and water system construction.
 - (f) Parking lane costs.

- (g) Coordinate, clean up, and fund any hazardous materials encountered during construction. All hazardous material cleanup work shall be performed in accordance to state and federal regulations.
 - (h) Damages to abutting property due to change in street or sidewalk widths, grades, or drainage.
 - (i) Conditioning, if required, and maintenance of detour routes.
 - (j) Repair of damages to roads or streets caused by reason of their use in hauling materials incidental to the improvement.
4. As the work progresses, the Municipality will be billed for work completed which is not chargeable to federal/state funds. Upon completion of the project, a final audit will be made to determine the final division of costs
 5. If the Municipality should withdraw the project, it shall reimburse the State for any costs incurred by the State in behalf of the project.
 6. The work will be administered by the State and may include items not eligible for federal/state participation.
 7. The Municipality shall, in cooperation with the State, assist with public relations for the project and announcements to the press and such outlets as would generally alert the affected property owners and the community of the nature, extent, and timing of the project and arrangements for handling traffic within and around the project.
 8. Basis for local participation:

Preliminary Engineering – 1470-38-00

Plan Development: Based on PMM 03-25-05, the municipality is responsible for 25 percent of the design engineering for connecting highway projects. Additional design work, at the request of the municipality, may require local participation. The design amount shown in Table 1: Summary of Costs will be further defined as the project continues through the scoping and design process.

Comments and Clarification: This agreement is an active agreement that may need to be amended as the project is designed. It is understood that these amendments may be needed as some issues have not been fully evaluated or resolved. The purpose of this agreement is to specify the local and state involvement in funding the project. A signed agreement is required before the State will prepare or participate in the preparation of detailed designs, acquire right-of-way, or participate in construction of a project that merits local involvement.
