

Restoration House

2/26/2025

For Whom it may Concern,

I am the Facilities Manager for CORE Treatment Services, Inc. I have had the privilege to watch this amazing resource grow from the ground up. I have seen people restore their hope for living through the Restoration House. The concept for restoring life skills and accountability for things most of us take for granted. I am a grateful recovering addict with 7+ years of long-term recovery. This and many more beds are a MUST in our community. We still have not met the need for individuals graduating treatment and in need of affordable and safe housing. The men's and women's Restoration House offers both of those ALONG with expectations, accountability, and structure that has proven vital to STAY sober and become positive members of our local community. Please make the obvious decision to keep the doors open in our community for The Restoration House.

Sincerely,

Dominic J. Snyder
