RE: Patrick Bell

10/10/2023

Patrick started treatment at the Green Bay Comprehensive Treatment Center on 3/2/2021 and ended his treatment on 4/1/2021. Patrick then restarted the program on 4/28/2021. Patient is currently at a stable dose and collaborates with the CTC doctor with any needs or concerns. Patient is compliant with his treatment and is showing improvement with his treatment by working up in phases and getting more responsibility for his treatment doses. Patient is currently not using illicit drugs and is testing negative on all DSA results at the CTC. Patient collaborates with primary counselor with any needs or concerns.

Patrick began seeing a mental health counselor at Green Bay Comprehensive Treatment Center on 6/5/2023 for trauma related to sexual abuse. Patrick has attended three mental health counseling sessions and is working through his guilt and shame related to the abuse.

Should you have any questions please contact Amber or Sarah once a release has been signed. 920-337-6740.
