Subject: RE: Question if Property Owner Can Put Rock in the Ditch - Carrie Lane & Harvest Circle

Sonja,

I called Steve back and told him that since we recently completed the ditching project out here, that I want the PW Committee to discuss this request.

Please add this the May PW Committee agenda. Thanks. I told him it is probably at 5:30 pm on Wed. May 6th but we could call to confirm that date and time.

PS He did state that he plans to flat stone like a square patio block I suppose or some type of flat stone/concrete paver.

This does make me feel less concerned about blocking the ditch flow with say breaker run or rip rap and then have it fill up with sediment again.

Subject: Question if Property Owner Can Put Rock in the Ditch - Carrie Lane & Harvest Circle

Steve Van De Grift, 920-860-2056, 116 Carrie Lane, called and asked if he could put barrier down and put rock in the ditch by Carrie Lane & Harvest Circle?
He said the bottom part is hard for him to take care of.

Could you please give him a call back?

Thank you,
