Re: Manitowoc Futbol Club Request to Utilize City Property at 2700 Michigan Avenue

The City of Manitowoc Parks and Recreation Division was approached by Manitowoc Futbol Club, formerly Goalgetters, a non-profit youth soccer organization in Manitowoc, to discuss a partnership and potential future soccer complex in Manitowoc. Currently, Manitowoc Futbol Club has close to 400 kids participating and are outgrowing their soccer fields on Viebahn Street.

Manitowoc Futbol Club is requesting to utilize the City property at 2700 Michigan Avenue, known as Evergreen Cemetery West, for soccer practices and games. Manitowoc Futbol Club would provide goals and paint lines for the fields as well as supplemental grass cutting as needed above and beyond the City's general grass cutting schedule for this location.

City staff support the use of this space as long as an area is designated for parking and the use does not affect the existing trees. With approval from the Committee, City staff will draft an agreement with Manitowoc Futbol Club outlining the use and maintenance of this location.

Thank you for the consideration,

Brock Wetenkamp
