Jim Brey
Alderson, District 4
900 Quay Street
Manitowoc, WI 54220

To the Finance Committee,

I would like your consideration and support for serving on the Manitowoc Public Utilities commission.

Since returning to my hometown of Manitowoc in 2012, I have continually been involved in the community and held positions of increasing responsibility both personally and professionally. In my current role as Director of Supply Chain at Jagemann Stamping Company, I understand the importance of reliable and cost-effective utilities for our business and industrial users, along with an understanding of the cost of interruptions and the value that holds for our business and to our customers. During my time at Jagemann Stamping I have regularly represented our business at the MPU Key Accounts Breakfast, along with traveling to Washington D.C. as part of the Precision Metalforming Association to meet with senators and advocate for issues impacting our industry.

This is an opportune time to serve on the commission, as I will complete my second term and step down from the Progress Lakeshore Board of Directors in 2024, where I currently serve as Past President. This has given me a depth of understanding in economic development and how organizations can effectively interact to positively support growth. I have a strong desire to continue serving my community, and am dedicated in the time and effort needed to be successful.

I plan on attending the upcoming Finance Committee meeting virtually as an opportunity to introduce myself and answer any questions or address any concerns you may have. I look forward to the opportunity and appreciate the opportunity to serve my community!

Sincerely,

Greg Jagemann
Enclosure

Gregory Thomas Jagemann

1015 Franklin Street, Manitowoc, WI 54220 • 920.242.0020 • gjagemann@jagemann.com
