 Re: Maritime Bluff Restoration Project Update

The City of Manitowoc Parks and Recreation Division would like the Public Infrastructure Committee’s input on funding restoration efforts at the Maritime Bluff along Maritime Drive.

See below for project activities. The Parks Division has noticed the immediate need for woody vegetation removal along the bluff and has already contracted \$5,000 worth of removal from the 2023 Parks Operating Budget. Project partners have allocated \$18,850 toward the project and are requesting an additional City match of \$15,750 additional dollars to complete the project.

Parks Division is requesting Committee’s thoughts on the project and options to fund requested match.
