

Workplace Clinic Executive Summary

- Utilization, digital referrals (SilverCloud) and patient experience are represented by clinic, not by specific client.
- Utilization, along with completed appointments trending upward from previous year.
- Blood/lab work (lipid panel, complete blood count, A1C) contributed to the majority of off-site tests.
- **NEW! Year-to-Date: 14% utilization (specific to City of Manitowoc).**

Service Highlights: Blood Pressure, Skin Conditions, Flu Shots

Current Utilization (Q3 2023)	79%
Historical Utilization (Q3 2022)	64%
Historical Utilization (Q3 2021)	0%

Workforce Health Workplace Clinic Summary: Manty Health & Wellness Clinic

Q3 July - September Calendar Year 2023 | City of Manitowoc

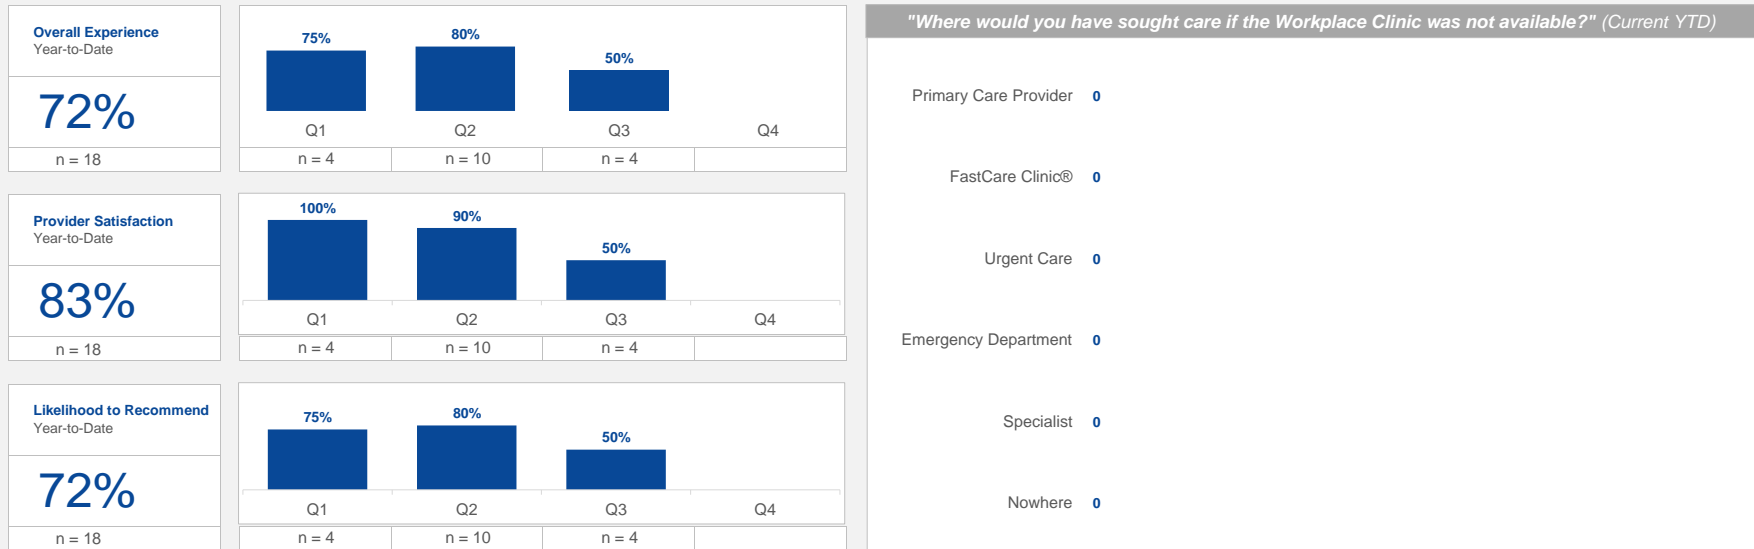

Workforce Health

Metric Definitions and Data Sources: Workplace Clinic

Clinic Utilization	Number of booked hours vs. number of available clinic hours. Includes no-shows and canceled appointments, and special events. (Source: Epic® Clarity)
Completed Appointments	Number of appointments arrived and seen. (Source: Epic® Clarity)
Unique Lives Served	Unique number of patients seen in the clinic within the calendar year. Each patient is counted once regardless of how many times they visited within the calendar year. (Source: Epic® Clarity)
New Patient Appointments	Number of appointments where the patient self-reports, at registration, as never having an appointment at the clinic before. (Source: Epic® Clarity)
Established Patient Appointments	Number of appointments where the patient self-reports, at registration, as having at least one previous appointment at the clinic. (Source: Epic® Clarity)
Workers Compensation Appointments	Number of appointments where the patient self-reports, at registration, as a workers' compensation injury. (Source: Epic® Clarity)
Virtual Visit Appointments	Number of appointments carried out using a virtual modality (telephonic or virtual). (Source: Epic® Clarity)
MyChart® Appointments	Number of appointments scheduled using MyChart® direct scheduling. (Source: Epic® Clarity)
Special Events	Number of visits to a special event or occupational health electronic medical record visit (e.g. drug screening, audiogram). (Source: Internal Department Tracking)
Appointments by Time of Day	Number of completed visits (arrived and seen) per the time frame listed (Source: Epic® Clarity)
Reasons for Visit	Primary diagnosis associated with visit. (Source: Epic® Clarity)
Procedures	Number of procedures performed on-site (e.g. ear cleaning, breathing treatment, wart removal). (Source: Epic® Clarity)
Immunizations/Injections	Number of vaccines or injections given on-site. (Source: Epic® Clarity and Agilty®)
Off-Site Tests	Number of laboratory tests collected on-site and sent to a lab to process (e.g. Hemoglobin A1c, culture). (Source: Epic® Clarity)
Point-of-Care Tests	Number of point of care laboratory tests collected and processed on-site (e.g. rapid strep, urinalysis, pregnancy test). (Source: Epic® Clarity)
Medications Dispensed On-Site	Number of medications prescribed and dispensed on-site. (Source: A-S Medication Solutions)
Primary Care Referrals	Visits with referrals made for primary care. Both internal and external referrals are included. (Source: Epic® Clarity)
Specialty Referrals	Visits with referrals made for specialist care (e.g. orthopedic, ENT, physical therapy). Both internal and external referrals are included. (Source: Epic® Clarity)
Digital Referrals	Visits with referrals made for a digital application (e.g. SilverCloud). (Source: Epic® Clarity)
Referred Provider Affiliation	Number of referrals sent to Froedtert & MCW providers versus non-Froedtert & MCW providers. (Source: Epic® Clarity)
Overall Experience	Overall experience scores based on survey results - scored 5 on 5-point scale. (Source: Qualtrics)
Provider Satisfaction	Satisfaction with provider scores based on survey results - scored 5 on 5-point scale. (Source: Qualtrics)
Likelihood to Recommend	Likelihood to recommend scores based on survey results - scored 5 on 5-point scale. (Source: Qualtrics)
Patient Type	Patient self-reports, at registration, as an employee, spouse, adult dependent (age 18+) or child dependent. (Source: Epic® Clarity)
Patient Sex	Patient sex, self-reported at registration. (Source: Epic® Clarity)
Race Distribution	Refers to a group sharing outward physical characteristics and some commonalities of culture and history. Patient self-reports at time of registration. (Source: Epic® Clarity)
Ethnic Distribution	Refers to markers acquired from the group with which one shares cultural, traditional, and familial bonds. Patient self-reports at time of registration. (Source: Epic® Clarity)
Established with Primary Care	Patient self-reports, at registration, if they are established with a primary care provider. Patients have the opportunity to choose "unknown." (Source: Epic® Clarity)
Work Location	Patient self-reports, at registration, if they work at the same site/building as the Workplace Clinic. (Source: Epic® Clarity)
Insurance Coverage	Patient self-reports, at registration, if they are actively enrolled in the employer's insurance plan. Patients have the opportunity to choose "unknown." (Source: Epic® Clarity)
Patient Age	Patient confirms age at registration, based on date of birth. (Source: Epic® Clarity)
