Subject: Re: March Public Safety Items

Could we add two items to agenda for Monday please.

First to discuss all the public/private schools snow removal, I would like to see if it's possible to treat all streets around the schools like bus routes and then would get plowed every snowfall.

Second still pertaining to all the school to see what the city can do make parking safer, weather it's parking spots painted, curbs painted, or use of the MPS safety system, to make it safer crossing streets during pick up and drop off times

Thanks
