RE: City Attorney's Office Update – December 2025
DATE: December 19, 2025

In addition to drafting legislation and reviewing contracts as requested by City departments, the City Attorney's Office has worked on the following projects and initiatives since my last update dated November 19, 2025:

Environmental Remediation

- Lemberger Landfill: Work continues as planned. The City incurs quarterly remediation costs that are shared among several parties.
- Gravel Pit: Ned Witte continues as legal counsel. Watermain project continues. Cost recovery for 2024 is in progress.
- Mirro Plant No. 9: Godfrey Kahn and Ned Witte are legal counsel for cost recovery efforts pursuant to Wis. Stat. 292.33. Litigation is forthcoming.
- WPS Superfund Site: No update.

Open Records Requests

- A few Open Record Requests specific to Finance, Police and Engineering.

Litigation, Prosecution, and Neighborhood Improvement

- 770 Albert Drive – Remediation is complete. This was an unqualified success.
- 88 Albert Drive – This mobile home park is now next on our list of neighborhood improvement. I have spoken with a group that has shown interest in the park and they are amenable to working with the City to bring the park up to code. The timeline is likely Spring.
- Multiple new raze order requests are moving forward.
- A bicycle accident lawsuit against the City is still in the pleading stage. CVMIC has assigned outside counsel to lead the defense.

Economic Development

- CD Department's upcoming projects
 - Old Heresite property: 8 acres still available, the City has moved debris piles from the Gravel Pit to this site to accommodate the solar farm
 - Olin/Winchester Option to Purchase: Less than 1 year on this option.
 - Lakeshore Mall site: progress has been swift. All buildings are down, and infrastructure for the northern-most section should be complete by the end of the year.
