Subject: Bus Suspensions

Afternoon Dan,

At WIPTA we learned a lot of the other transits are doing a zero tolerance guideline for the kids. We were looking for approval to do a 3 step policy. 1st is a warning, 2nd is a 30 day suspension, followed by a year suspension if there is a 3rd occurrence. Seems a lot of the other transits were having a lot of success with this. We have 1 kid we would like to give a 30 day suspension. His mother called and totally understood if we needed to go that route. Just want to have the ok from you.
