Subject: External: Youth Apprentice Interviews held at the library

Hello

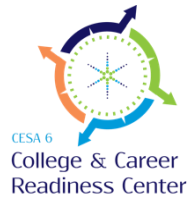

I would like to thank you for hosting this year's Youth Apprentice Interviews. The staff was wonderful to work with! It was such a neat experience to host this event here. We were easily able to hold multiple interviews at one time. The accommodations were better than we ever could have expected.

With your help and all of our supporting Youth Apprentice local business partners, we have employed over 150 students in our community in 4 days at your facility.

We cannot Thank You enough for everything and your support in making this so easy for everyone involved.

We hope you will host this event again next year and we really appreciate all of you!
